One of the latest authentic accounts of the natives of Australia are very interesting. The Murrus are the black aborigines of the country. Mr. Dawson, in his description of their habits and customs, says that they are divided into several tribes, each taking its name from the locality of its headquarters. There are about twenty or more of the tribes, and at a common meeting, as many as 50 people attending, and every tribe has its chief, regarded by it in the light of a father, and whose authority is supreme. These chiefs and their families hold a position relative to that of the nobles of the Orient. They have by any article of dress or property, which simply "annex" it. Six or eight children are obliged to wait upon the chief, and eight unmarried girls must

Mrs. Isaac Jones died at the residence of her son, William Jones, on the morning of July 23. She has been sick some little time. Funeral services were held at the Baptist church, after which her remains were interred in the Woodstock cemetery.

Many of our townsmen think that this railroad, which is the topic of the day, will all slum through. Some think that if it does come through it will damage the town, others that it will be of great value and some that it won't come at all, and offer to bet on it. But when they come to see the stakes driven, (which has been done) we are in hopes that it will convince some of the unbelievers.

Boards are very plenty at North Woodstock this season.

The Woodstock Literary Society met at the residence of G. G. Babin, July 23. A large number was present and many interesting pieces were read.

#### WHITEFIELD.

A BRILLIANT WEDDING.—A brilliant affair took place in Whitefield July 20, at the residence of Mr. and Mrs. J. W. Brown, the marriage of Miss Alice B. Brown to Mr. Edward Ray of Lancaster.

200 relatives and friends were present. The marriage was performed by Rev. Mr. Spooner of Whitefield.

The house was very prettily decorated with elegant and beautiful flowers of which were contributed by the friends of the bride. An arch, erected in a bay window, of very rare and beautiful flowers of white, from the centre of which were suspended a large bell made of white planks, double white hollyhocks and similar, under which the happy pair stood while the ceremony was being performed.

The wedding was a very imposing one, and of different designs, and bouquets of very lovely flowers added much to the beauty of the evening's entertainment. Supper was then served, after which the Whitefield Orchestra, Mr. Sartell, leader, gave some excellent selections of music.

The ashers, Mr. Ed. N. Barrett, Charles Dodge, David Wells and J. W. Brown, deserve great credit for the manner and system in which the whole affair was conducted. The presents were elaborate and very numerous. The happy couple left the next day for Portland, Boston, and other places, and will return to take up their abode in Jefferson.

Leroy S. Heath has received about \$800, as pension arrangements and is cancelling his liability for the Penikese Island.

The route for the Penikese Island Railroad has been surveyed through Campton and Thornton. In this survey the engineer has exercised great wisdom. He has found a very level route which makes the distance a number of miles less than by the main traveled road. The depot in this town will be about half-way between Campton Village and West Campton. Your correspondent is of the opinion that the road will be built for the following reasons: It will be a very easy and cheap road to build. It will run through timber tracts of every description and great value. It will command an immense amount of summer travel to Franconia and White Mountains and will, no doubt, be one of the best paying roads in the state. Hon. J. A. Dodge is one of the directors. It is well known that he is a first-class business man of great force and great capacity. He is undoubtedly one of the most able railroad managers in New England. For the above and many other reasons it is evident that the road will be built in a reasonable time.

There are quite a number of camps here and there on the shores and islands of Squam. The occupants find it a very delightful, as well as inexpensive mode of spending their summer vacation, and also quite an independent way, as they are lords of their households and no one to interfere.

There is a chance for a few more boarders in town, and if any one wishes to come, they can learn where by addressing the Postmaster.

Mrs. Wm. H. Goodrich's fine new summer residence was struck by lightning June 25, at about 5.30 p. m., and turned to the ground. The lightning passed down the chimney and set fire to a pile of shavings in the cellar. Nearly everything was burned, including two gold watches. Loss about \$3,500. Insurance on building and furniture, \$1,200. We regret her loss more particularly as the family had just vacated, and were in their new house to enjoy their summer residence in the country. She belongs in New Haven, Conn.

Mrs. Goodrich was sitting on the piazza at the time and saw the lightning strike in bed. None of them knew that the lightning had struck until they smelled smoke in the cellar. They opened the cellar door and saw the smoke rising up so all hope of saving the building was abandoned; from gold watches were burned and nothing was saved excepted outfit, furniture and books.

Last Monday Mrs. Thomas C. Cilley, after washing, put her clothes in a tub by the river, on account of low water in the well. Tuesday morning they had disappeared. The tub and a few of the poorest pieces of the wash were found in the river nearly half a mile below the starting point all right, even the refuse water in the tub, but the more valuable pieces were missing, nearly all of a week's wash for a family of five.

If Mr. John Brewster or "any other fellow" not a subscriber, finds this column too puerile for their enlarged mental capacity they can leave it unopened. We cater for our patrons and give them that which we have reason to know they appreciate. We're not in the reform business, we cannot afford it. It killed Marden of the News, ruined Winslow and embarrassed Murray, all of the "Hub" and will do the same in all other cases.

Edward Maloon is suffering with a badly sprained ankle.

The Advocate is now printed in the Manchester Mirror office.

Until further notice every subscriber to this paper will receive a copy of the REVISED NEW TESTAMENT, for every \$1.00 he or she shall pay, whether in arrears or advance, but if the former, must pay at the rate of \$1.50 per year. The book will be delivered at this office or sent by mail free of charge. Applications for this premium must be made when the money is paid.

Lang, Jr., John M. Neal, Frank H. Cram, and others. It was voted not to accept the proposition of the society, and the following plan was adopted: The citizens shall at all times have access to the bell rope, but not to the bell. They shall provide such locks as shall protect the society against improper intrusion, and be responsible for all damages done to the society's property. They shall appoint their own bell ringer, and in connection with the matter, choose Horace Cogswell to fill that position for one year. It is thought the society will not accept.

### PILES! PILES! PILES!!!

#### A Sure Cure Found at Last. No One Need Suffer.

A sure cure for the Blind, Bleeding, Itching and Ulcerated Piles has been discovered by Dr. Williams (an Indian remedy), called Dr. Williams' Indian Ointment. A single box has cured the worst chronic cases of 25 and 30 years standing. No one need suffer five minutes after applying this wonderful soothing medicine. Lotions, Instruments and Electrodes do more harm than good. Williams' Ointment absorbs the tumors, allays the intense itching (particularly at night after getting warm in bed), acts as a poultice, gives instant and painless relief, and is prepared only for Piles, itching of the private parts, and nothing else.

Read what the Hon. J. M. Coffinberry, of Cleveland, says about Dr. Williams' Indian Pile Ointment: I have used scores of pile cures, and it affords me pleasure to say that I have never found anything which gave such immediate and permanent relief as Dr. Williams' Indian Pile Ointment.
